Signature Tour

To introduce the magic of his beloved home country Ernie has chosen his favourite wine estates, top golf courses and a magnificent game reserve to share his passions for and commitment to South Africa, its people and its future, in a way that resonates the Big Easy himself.

These unique Signature Tours, with never more than eight people in the group, are made possible through the special relationships that Ernie Els and Jean Engelbrecht have developed over the years. As a result, you will experience private wine tastings and dinners with winemakers and proprietors that are otherwise not available through any other tours. The combination of some of the best five star resorts, intimate service and attention to detail at every stage of the itinerary will ensure that each trip is one of a lifetime.

A Signature Tour highlight is to visit selected wine estates that showcase beautiful wines and great food in spectacular natural surroundings. As one of South Africa's leading ambassadors and most recognized faces in the world of sport, it is befitting that Ernie chose South Africa and Stellenbosch to produce his wines. The idea was born from the long-standing friendship between Ernie and Jean. When the expertise of their respective professions converged, Jean and Ernie set out to

create extraordinary wines. The aim of the wine is to capture everything that Ernie stands for:

Big in stature and gentle in character.

Other highlights include golf at Gardener Ross - the first Ernie Els signature golf course in Gauteng; a safari in the Kalahari Desert with endless vistas and huge starry night skies as well as the cosmopolitan metropolis of Cape Town. Contact the Ernie Els Wine & Safaris' travel partner, Giltedge Travel, for departure dates, full itinerary details and costs.

TAILOR-MADE TOURS

For the discerning traveller, tailor-made itineraries can be created for your specific needs should you want to travel independently. Each itinerary will still incorporate a touch of Ernie's favourite golf courses, private game reserves and wine estates.

TRAVEL BROCHURE

Look out for Ernie's 48-page glossy brochure launching in 2009, featuring information on travelling to Southern Africa.
